STEM/ENGINEERING & CONSTRUCTION CAMPS

Start *Your* STEM Journey in Summer 2024!

Looking to engage in hands-on learning and fun?

SAME offers week-long summer STEM/Engineering & Construction Camps for high school students!

Led by industry professionals and other volunteers from the military and engineering community, the SAME Camps Program focuses on hands-on, project-based learning that provides students with opportunities to begin exploring STEM fields, including science, engineering and construction as well as technology and the environment; work together in teams; and chart a course for future education, leadership, and workforce opportunities.

The camps each feature many dynamic activities, including building concrete beams and dog kennels, operating drones and remote-controlled underwater vehicles, using survey equipment, constructing and racing cardboard boats, and more!

CAMP HIGHLIGHTS:

- Camps last one week and range from $100 - $800.
- Early Bird registration discounts.
- Scholarships for campers are available.
- Camps are offered at six locations/bases.
- Lodging and all meals provided.
- Camps held in June and July; all are overnight camps.
