# LOS ANGELES DISTRICT PROGRAM

## Current Year FY2023

█ FY23 Actuals  
█ FY24 and FY25 Estimates

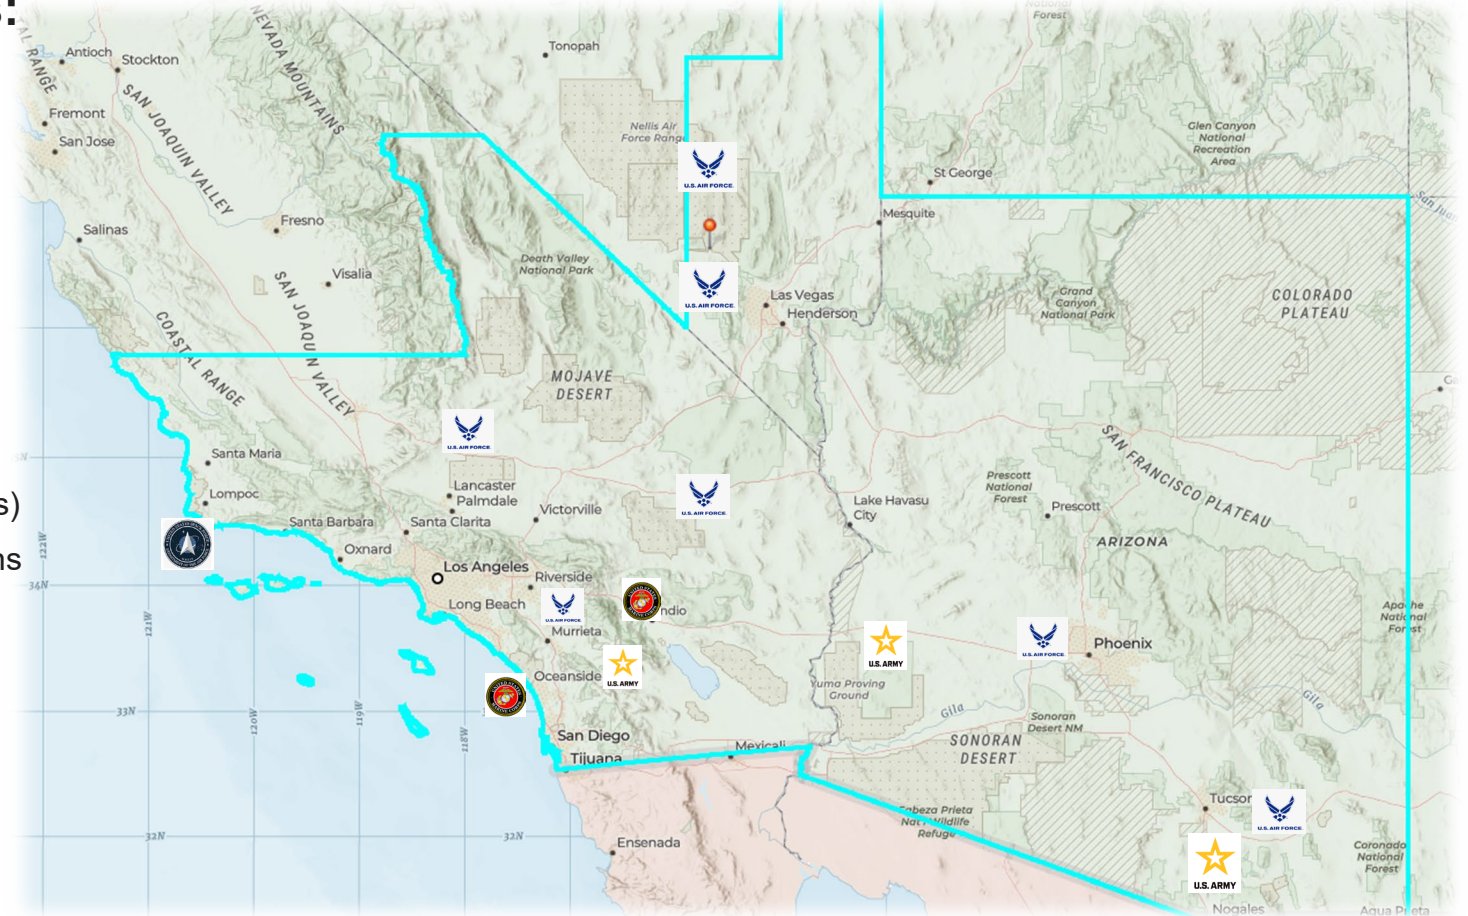

# Los Angeles District Military Program

## Military Programs has four core missions:

- Strategic Integration (Base Realignment and Closure)
- Gulf Region Integration & Security Assistance
- Military Construction
- Stability and Reconstruction Operations

## Major missions include:

- Military Construction (Army, Air Force and other DOD Agencies)
- Environment (Formerly Used Defense Sites Program, munitions response, cleanup, and environmental quality support to Army active and BRAC installations)
- Real Estate (ARSTAF mission, DOD Executive Agent, and provision of world-wide real estate services)
- International and Interagency Services (EPA, DHS, DOS, 90+ Countries)
- Contingency Support - USACE lead for GWOT and Reconstruction infrastructure work
- Installation Support (181 Army, 71 Air Force)

# LOS ANGELES DISTRICT CIVIL WORKS PROGRAM

Civil Works' Mission and Vision: Dedicated to providing quality, responsive service to the nation in peace and war.

The Directorate of Civil Works is a major component of the U.S. Army Corps of Engineers.

The Civil Works programs include water resource development activities including flood risk management, navigation, recreation, and infrastructure and environmental stewardship. Our mission also includes emergency response.

- 14 harbors along the Southern California coast stretching from San Diego Harbor near the Mexican border to Morro Bay Harbor on California's central coast.
- 17 dams located in California, Arizona, and Nevada.
- A wide variety of projects and planning, engineering, construction and environmental services. Projects include flood risk management, navigation, recreation, and infrastructure and environmental stewardship.

## Small Business Program

Welcome to the Los Angeles District's Office of Small Business. We assist firms in doing business with the government to ensure small businesses have access to L.A. District contracts. We strive to provide you with the most current small business initiatives and project status. The Small Business Act of 1953, as amended, requires the Federal Government set-aside a fair proportion of its purchases to small businesses, through various Small Business Programs, including: Small Business Set Aside - purchase anticipated to be valued from \$3500 to \$150,000 is automatically set-aside for small businesses Small Disadvantaged Business - via U.S. Small Business Administration's 8a Business Development Program ([www.sba.gov/8a](http://www.sba.gov/8a)).

The 8a Program is a certification program and requires a registration and certification process. HUB Zone Small Business Program - requires a separate registration and certification process. To register/certify for the HUBZone Program, access the SBA website at [www.sba.gov/hubzone](http://www.sba.gov/hubzone). Women-Owned Small Business - this is a self-certification Program, or a WOSB may elect to use the services of a Third Party Certifier. See guidance at [www.sba.gov/WOSB](http://www.sba.gov/WOSB). The Service Disabled and Veteran Owned Small Business - must have a service-connected disability that has been determined by the Department of Veterans Affairs or Department of Defense, at [www.va.gov/osdbu](http://www.va.gov/osdbu).
