WELCOME TO THE ST. LOUIS POST

MISSION: "To lead collaborative efforts to identify and resolve national security infrastructure-related challenges."

SAME ST. LOUIS POST PRESIDENT'S MESSAGE

Dear St. Louis Post Members,

Well, I hope you all had a good Independence Day weekend and have been finding ways to stay cool in this sometimes-oppressive Midwestern heat.

We still had a good turnout last month at the Construction Industry

Day for the new 1,200 lock expansion project at Lock and Dam 25. The event was sponsored by the St. Louis District of the U.S. Army Corps of Engineers (USACE) as part of the Navigation and Ecosystem Sustainability Program (NESP). However, we had to forgo the outdoor Trap Shooting & Social based off the conditions but will look for future opportunities to connect based on any recommendations that you might have.

We have the a few Post Leaders attending SAME's Post Leader Workshop in early August. We hope to bring back new ideas for our Post. We'll continue to adapt our venues, presentations, and program based on your feedback. We look forward to a focus on our youth with the upcoming SAME Engineering and Construction Camps and possible scholarship awardees being recognized.

As always, please reach out to me or any of our officers with questions or comments regarding Post activities.
