17 April 2024

Achieving Compliance with the Service Contract Act

Hosted by the Small Business Community of Interest | 2:00 PM ET | 1 PDH Hours

This webinar will provide an overview of the principles of the McNamara O'Hara Service Contract Act (SCA) and discuss the steps needed to comply. Participate and find out what to know, how to do it, and the essentials of keeping your books clean.

18 April 2024

Climate Change: Adapting to Sea Level Rise

Hosted by the Resilience Community of Interest | 1:00 PM ET | 1 PDH Hours

Due to climate change, sea levels along the U.S. coasts are expected to rise about 11 inches over the next 30 years. These increases, along with changing storm patterns, will result in severe flooding, erosion, and rising groundwater tables. Three industry experts lead a compelling discussion of one of the most important environmental challenges facing the nation and the world today.

22 April 2024

Public-Private Partnership (P3) Opportunities for Fed Energy and Sustainability Projects

Hosted by the Energy & Sustainability COI | 2:00 PM ET | 1 PDH Hours

The Federal Government of the United States, as the country's largest real property asset holder, oversees approximately 500 million square feet of built environment. This webinar delves into the untapped potential of Public-Private Partnerships (P3s) within federal facilities, emphasizing the myriad opportunities they offer for catalyzing sustainable transformations.
