Small Business Workshop

Tuesday, May 14, 2024

07:30 AM – 11:30 AM

**The Engineer's Society of Western
Pennsylvania**

337 Fourth Avenue

David Pinkosky, Business Opportunity Specialist, SBA Western PA District Office:

From managing a city at age 22, to becoming a certified procurement professional, Dave has transitioned his business acumen to the U.S. Small Business Administration (SBA) Western Pennsylvania District Office as a business opportunity specialist. In his 16-year career with the City of Connellsville and the Southwestern Pennsylvania Commission, Dave assisted over 700 clients receive more than \$900 million in government contracts. Since joining SBA in 2018, Dave now helps entrepreneurs and small business owners increase their revenues and cash flow through SBA's numerous federal contracting opportunities and small business assistance programs.

David Kellner, Vice President, Infrastructure & Energy, ACAA: David came to the Allegheny County Airport Authority (ACAA) airports [PIT and AGC] to lead the facility maintenance, minor construction, airline services and Operational Readiness and Airport Transition (ORAT) teams while maintaining process control over the organization. The teams provide 24/7/365 coverage for infrastructure, baggage handling and airfield lighting through dedicated in-house labor and partnerships with the local trade unions. David has since transitioned to Energy, ORAT and Asset Management as his primary roles. David has extensive experience in facilities, airfield and airbase construction and aviation. He is a retired United States Air Force Civil Engineer Commander and graduate from the South Dakota School of Mines and Technology (BS, Civil) and Air Force Institute of Technology (MS, Engineering and Business Management). With over 28 years' experience in management, operations, maintenance, construction, energy and engineering, David will focus his activities at ACAA while striving toward strategic goals with emphasis on safety, health and security.

Kimberly Kennedy, PE, Director of Engineering and Construction, ALCOSAN:

Kim has served as ALCOSAN's Director of Engineering and Construction since 2018. She received her bachelor's degree in Civil Engineering from Bradley University and her Master's in Civil and Environmental Engineering from the University of Pittsburgh. Before joining the Authority, Kim worked in the consulting industry for 20 years. She is currently a board member of the Engineers Society of Western Pennsylvania and serves as board secretary for the Pittsburgh chapter of the Society of Women Environmental Professionals.

Donald Klingensmith, PE, Assistant CFO, Pennsylvania Turnpike Commission:

Don has been employed by the Commission for 31 years and oversees all procurement and contracting activities in addition to Treasury, Risk Management and Logistics departments. Earlier in his career, Don served as a Senior Engineer Project Manager for the Commission in which he oversaw some of the Commission's largest Capital improvement projects. Don is a graduate of Bucknell University and is a registered Professional Engineer.

Keith Miller, Director of Site Development, RIDC:

In this role, Keith is responsible for all of RIDC's new site development projects, along with all outside infrastructure for their 15 industrial parks in their portfolio. Prior to joining RIDC in 2021, Keith served for over 25 years as a consultant for various civil engineering companies in many aspects of site civil engineering, including industrial, residential, institutional and energy throughout Pennsylvania, Ohio and West Virginia. Keith is a Registered Landscape Architect in Pennsylvania and received a BS in Landscape Architecture from West Virginia University. Keith and his wife and daughter reside in the north hills of Pittsburgh. Keith enjoys hunting, endurance sports and attending Pittsburgh Steelers games.

Stephen Shanley, P.E., Director, Allegheny County Department of Public Works.

Stephen has worked for Allegheny County since 2001 and is currently the Director of the Allegheny County Department of Public Works, a position he has held since January 2015 following a period as Interim Director. As Director, he leads a more than 200-employee department that is responsible for ensuring the safety, accessibility, and quality of more than 408 miles of roadway and 518 bridges and culverts as well as the purchasing and maintenance 798 vehicles and heavy equipment.

James T. Shibata, US Army Corps of Engineers, Pittsburgh District, Chief of Programs and Project Management Branch:

James Shibata has served as the Pittsburgh District's Programs and Project Management Branch Chief since June 2022. James' major responsibilities include the supervision of the branch, oversight of budget development, monitoring of ongoing projects, resolution of funding issues, and coordination of project risk and changes. He started with the Pittsburgh District in 2008 after working in the private sector and military deployment to Iraq. He is a registered Professional Engineer and certified Project Management Professional.

Doug Thompson, PE, Assistant District Executive – Construction, PennDOT District 11-0:

Doug began his now 31 year career with PennDOT District 1-0 in 1990 as an Intern and then permanently in 1994 in District 11-0 as a Civil Engineer Trainee. His positions have included District Bridge Unit for seven years and Bridge Safety Inspections and Bridge Analysis Supervisor. In 2002, Doug joined the District Construction Unit and was promoted to the position of District Structure Control Engineer where he was responsible for providing technical guidance and support for bridge & structure projects during the construction phase. In 2014 he was promoted to Principal Assistant Construction Engineer where he was responsible for Adminstrating the District's most complex construction projects as well as the District Constructability Unit, District Finals Unit and the Districts Materials Unit. In 2024 he was promoted to Assistant District Executive for Construction. Doug holds a BS in Civil Engineering from Penn State University in 1993 and is a Registered Professional Engineer in PA since 1999.
