Filed Club of Omaha, 3615 Woolworth Avenue, Omaha, NE

Educational Program:

“Advances in Metal Roof Technology”

*Roger Melvin, Vice President – Building Works
Charlie Smith, National Recovery Manager – Architectural Building Components*

In the aftermath of multiple hurricanes and severe weather events across the United States, industry has refocused on development of more durable and sustainable roofing systems. Mr. Melvin and Mr. Smith provided insight into the latest advancements in metal roofing technology, and how to apply these to new and existing roofs.

Total PDH Available - 1.0

*Ryan Watzke, LEED AP
