

Pacific Division – Who we are

IPDIV, but for the PACIFIC with an increased focus on Delivery of Programs

OUR VISION

“ Pacific Division is translating whole-of-government ‘National Defence’ objectives into tangible, valued practical outcomes for Defence and the Pacific region. ”

The Pacific Division is spread across four branches:

Infrastructure Branch Structure

Indo-Pacific Infrastructure Branch manages the delivery and maintenance of security-related facilities and infrastructure in partner nations, contributing to building a region that is economically stable, strategically secure, capable and politically sovereign.
