New Elected 2025 Post Officers & Directors

Congratulations to our newly elected 2025 Post Officers and Directors:

- **Sarah Fowlkes** - 2025 Vice President/2026 Post President-elect
- **Sam Hutchins** - 2025 Treasurer
- **Cassandra Price** - 2025 Secretary
- **Harold Eberbach** - 2025-2026 Director of STEM & College Outreach
- **John Enyeart** - 2025-2026 Director of Technical Solutions

These individuals will join previously elected 2025 President John Baker, Sam Barnett 2025 Director of Partnerships and James Kisiel 2025 Director of Personnel Development as the elected officers/directors that are the foundation of our 2025 Post Board to begin the execution of the new 2030 SAME Strategic Plan on January 1, 2025.

Bridget Booth, the other Secretary candidate in this year's Post elections, will also be asked to join the Board as our appointed Assistant Secretary.

We applaud the dedication and service to our Society of all these individuals who stepped up to run in this year's Post Elections.

Thanks to all the Post members that voted in this year's Post Elections to pick our new Post leaders.

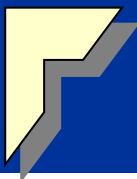

Finding Out What's Happening

Are you wondering how you can keep track of our Post events? We have many ways to help you keep track of the many activities taking place and opportunities for you within the Post:

1. Our **Post website** is at <https://www.same.org/san-antonio/>.
 - You can check the Events page at <https://www.same.org/san-antonio/events/> for all our Post scheduled events.
 - We typically also add important deadlines (like meeting reservation dates) to the home page.
 - You can also check what is coming up within SAME by going to <https://www.same.org/events-programs/>.
1. Our **monthly newsletter**, *The Forum*, available at our Post website - see <https://www.same.org/san-antonio/newsletters-and-resources/> for the last 12 issues.
2. Our social media **LinkedIn page** at www.linkedin.com/groups/12093914. We add notices of upcoming events/activities and items of interest to this site.
3. Our social media **Facebook page** at <https://www.facebook.com/groups/sanantiosame>. We also include upcoming events/activities and items of interest to this site for those that prefer this social media option.
4. Our **Post member emails**:
 - When you join our **Post individual membership roster**, we automatically add you to our Post member email distribution list - we use the primary email address in your SAME membership record. We download membership rosters about every 2 weeks and update the distribution list from them.
 - We send out emails to the list on upcoming events/activities and items of interest about once a week. You can unsubscribe from the list at any time and will be dropped from distribution.
 - If you are not receiving these emails and did not unsubscribe, check your spam/junk email folder.
 - Your network security system may also be blocking these emails. If this is the case, the email distribution system will automatically drop you from the list after trying several times. If you still want to receive the Post emails, email samesatx@gmail.com - we do send emails directly to members in this situation.

As you can see, there are a number of ways to get information about what is happening at the Post. We encourage you to use these communication avenues so you can benefit from the many events/activities the Post offers and from the networking with your fellow Post members at them.

President's Corner

Hello San Antonio Post!

As we round out 2024, our Post has many prideful accomplishments totally up and reflect upon. The following highlights but a few of our amazing deeds led by our Post Directors and Committee Leaders:

- ⇒ Raised over \$69K in scholarships and hosted over 200 participants in conjunction with our annual Small Business Market Research Fair & Golf Tournament under the leadership of **Sarah Fowlkes**, new President-Elect, and **Michael Beach**. We host serious Industry-Government Engagement (IGE) and fund raising due to our generous sponsors.
- ⇒ \$44.5K in college scholarships granted to 15 students from 4 Texas universities under the leadership of **Diane Glass**. We invest in the future of our AEC industry and SAME membership.
- ⇒ Under **James Kissell**, **Cade Deines**, and **Cathy Bond's** leadership, our San Antonio Post Leadership Lab graduated 6 members with another 8 talented candidates in the current class. We develop leaders. Make way!
- ⇒ With **Dean Hartman's** steadfast leadership, made impactful engagements and over \$1K in donations with more planned by the end of the year to Pink Berets, Broken Angels, and other supporting our veterans under. We see, honor, and support those who have served.
- ⇒ **Sam Barnett** led Government speaker recruitment for our Monthly Meetings (luncheons) resulting in sell-out attendance and incredibly valuable IGE. We partner and provide a forum for important IGE designed to spur solutions to national security infrastructure challenges.
- ⇒ Led by **Harold Eberbach**, **Scott Mikos** and **Varsha Savalia** we participated in numerous STEM engagements with literally thousands of K-12 students, including the epic STEM competition at the Great Texas Airshow at JBSA! That was a blast! We sponsored 5 students to the SAME STEM Camps. We also initiated a new STEM partnership Alamo Community College District to include participation and keynote speaker address at Palo Alto College's Engineering Day. We inspire future talent of our AEC industry.
- ⇒ ..and many more deeds in the tally.

"Deeds not words." Joseph Schroedel, BG, P.E., F. SAME USA (Ret.) Former Executive Director SAME

Serving as your Post President has been honor, and a tremendously rewarding experience due to our inspirational and devoted Post members who exemplify selfless service in achievement of our Society's goals and meaningful contributions to our community.

I am so fired up about our incoming Post leadership under **John Baker** and the future of our Post! ***"John- Sir, the saddle is yours."***

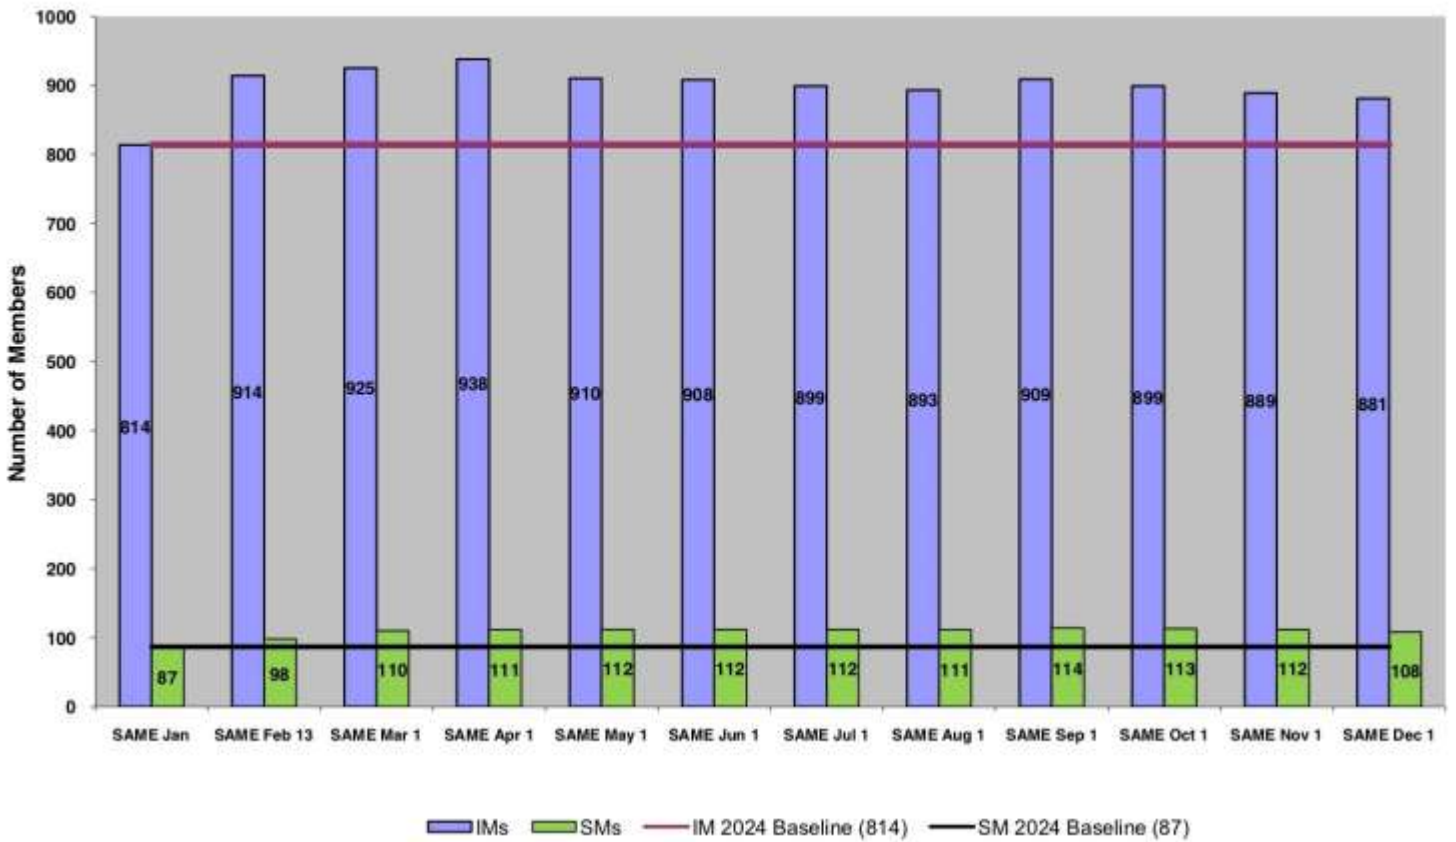

Rene Cortez, P.E., P.G.

A large, stylized graphic with a purple-to-green gradient background. The text "THANKS FOR JOINING US" is written in large, white, bold, sans-serif capital letters, slanted upwards from left to right.

RELOCATING???

Did you get a new job or assignment? Or maybe there's some other reason you are or soon will be relocating away from the San Antonio area? There are many important things to think or be concerned about when moving - home, utilities, school for the kids, changing of mail address, vehicle registration and more.

Those, of course, are everybody's focus areas as they prepare for the next big step in their career or personal lives.

As you work those things in your move, it's easy to forget about your SAME membership. Things like what happens to my membership or is there a Post/Field Chapter where I'm relocating to may not be on the top of your list to think about and rightfully so.

So we are here to help you with your SAME membership transition. Just email us where you are moving at samesatx@gmail.com and we will help getting your membership record changed and notifying the Post/Field Chapter in the area you are moving to.

We value you as a SAME member and even though you may be moving away from the San Antonio area we want you to continue to receive all the benefits of membership with our great Society.

MAKING A DIFFERENCE AS A MEMBER - SUPPORT OUR SAME FOUNDATION

The SAME Foundation supports programs that introduce youth to STEM, develop emerging leaders within our membership, and increase the number of veterans transitioning into the engineering and construction workforce. The Foundation also provides a secure and beneficial repository for charitable and other bequeaths from members of the Society and the public at large. See <https://www.same.org/foundation/> for details.

Our nation must have a continuous pipeline of quality engineering and STEM leaders to address the complex national security and infrastructure challenges. The SAME Foundation was specifically created to attack this need by leveraging the charitable capacity of our Society and of engineering and related professions.

Contributing to our SAME foundation is your opportunity to make a difference as a SAME professional!!!

The SAME Foundation is currently having a Fundraising Campaign. The Post donated \$1,000 to the Foundation. We hope you will consider donating or encouraging your company/organization to donate to the SAME Foundation at <https://my.same.org/donate>.

Leadership & Mentoring

Mentors Needed

We need mentors now for our **2024 College Scholarship Program winners** ([pages 11-16](#)).

Our Post website's page at <https://www.same.org/san-antonio/mentoring/> includes mentoring guides that offer best practices, intent, and tools to enable a productive membership.

This is your opportunity to help develop our future A/E/C professionals!

Please consider being a mentor, contact James Kisiel, our Leadership & Mentoring Director, at jkisiel@halff.com

POST SUPPORTS ANNUAL ROBOT COMPETITION

Harold Eberbach, Dick Kochanek, Bobbi Lang and Dawn Vernon participated in the various events of the San Antonio Boosting Engineering, Science, & Technology (SA BEST) Robot Competition happening from Oct 28 thru competition day on Nov 10. Twenty-eight school teams participated in the competition. The game this year was called “Low G” and involved building a robot to perform infrastructure related tasks in a simulated low-gravity environment. Our volunteers judged team notebooks, team marketing presentations and selected teams for special awards. The Post provided a \$1,000 sponsorship to help with the event and also has its own special award for the event. Lackland ISD team was selected for the Post’s special award at the Nov 10 competition day.

Lackland ISD Team - Post Special Award Winners

POST STEM VOLUNTEER OPPORTUNITIES

We have the following upcoming STEM events that we need volunteers to help support:

- Dec 14 Harmony Science Academy Fair - Volunteers needed for in-person judging of student projects from 9-11 am.
- Jan 11 Alamo Junior Academy of Science (AJAS) Fair
- Jan 25 Harmony School of Science Fair - Volunteers needed for in-person judging of student projects from 8-11 am
- Feb 22 Alamo Regional Science and Engineering Fair (ARSEF)

For more information about volunteering, email samesatx@gmail.com.

2024 College Scholarship Awards

The SAME San Antonio Post awarded 15 scholarships totaling \$44,500 for the spring semester 2025. We received 39 applications from eight Texas Universities. We awarded scholarships to 15 students from four Universities. We had awards ceremonies at Texas A&M and The University of Texas. TAMU Student Chapter Update

On November 21 the TAMU SAME Student Chapter held its final meeting for this school semester. The sixteen student attendees (seen in the photos below with Center Director Retired General Tim Green) toured through the George H. W. Bush Combat Development Center on the TAMU RELLIS Campus northwest of College Station. RELLIS stands for respect, excellence, loyalty, leadership, integrity, and selfless service, the guiding principles for Aggies. At this Center, research is conducted on new and innovative tools of warfare, including robots, specialized gear, equipment, vehicle accessories, and more.

College Outreach

Post Supports Palo Alto College

On November 5 Post **President Rene Cortez**, **Post Director Harold Eberbach** and **Post Fellow Dick Kochanek** participated in a STEM Outreach event at Palo Alto college organized Daniele Delgado, Senior Advisor of the College's STEM Center. Rene briefed attendees on his STEM Journey in Engineering and Rene, Harold and Dick provided info on SAME student membership and discussed member and professional opportunities with the students. About 30 students participated at the event.

SMVET Support

Post Supports Veteran's Fair

Our Post's SMVET team had the honor to support Broken Warriors Angels at their 6th Annual Health & Wellness Fair at the VFW Post 76 campus recently and proudly made a meaningful donation to this impactful organization. Big shout out to Fred Alvarado and his team for hosting another highly successful event and bringing in helping agencies from across the city of San Antonio and the state. Veterans, including many of our homeless and disabled brothers and sisters, had the opportunity for food, fellowship, access to benefits, medical care, housing, clothing and an array of uplifting activities that truly make a difference in their lives.

Can't thank Fred, the Broken Warriors Angels team and the many helping agencies enough for their servant leadership and care for our veterans! Their continued outreach & support has made & continues to prove a game-changer in the lives of so many!

AFCEC & Post Member Receives Federal Energy Management Program Award

(from Oct 16, 2024 Story by London Prince AFIMSC)

Post member **Micheal Zapata**, division chief for energy program execution at AFOEA, was selected to receive FEMP's Professional Achievement Award.

In his seat as division chief for energy program execution at AFOEA, Zapata oversees a team of 15 and directs a portfolio of energy projects totaling \$2 billion. He helps secure energy resilience for mission critical capabilities across all Air and Space Force installations through the Energy Resilience Conservation and Investment Program, Utility Energy Service Contracts, ESPCs and Energy-Sustainment-funded initiatives.

"Mike's deft oversight has been pivotal to the Air Force's ability to execute ambitious microgrid and water resilience projects," Tucker said.

Zapata led a \$100 million ERCIP project to build a water treatment plant at Mountain Home Air Force Base, Idaho, where its region-wide aquifer was declining at two feet per year with an expectancy to dry up by 2044. Through partnership with the State of Idaho, he and his team were able to use surface water from a nearby river to operate a fully functional water treatment plant for sole use by Mountain Home.

"I'm excited about winning this award because it represents a whole team effort and the hard work we have done throughout the years," Zapata said. "We work with energy worldwide and the more we are reliant on technology, the more there becomes a greater need for power assurance. This award shows the dedication of the execution team on providing energy assurance for mission assurance."

Other projects Zapata directed include construction of the first-ever Department of Defense liquified natural gas storage plant at Misawa Air Base, Japan, providing energy resilience and assurance using microgrid technology to energize essential circuits based on a prioritized load during power outages.
